10Jul26

PRE EVENT TRAINING – Updated for July and August

Many of you visited us for training in June and are familiar with the pre event facilities. We are updating the earlier information as arrangements will be slightly different in the lead up to the events.

Sailors and Teams coming to Dun Laoghaire to train before the official event date

While visitors will be most welcome to use the bars and catering facilities in the host clubs (National and Royal St George yacht clubs) they are not, due to a high level of other sailing activities, able to accommodate ILCA's prior to the events – i.e. ***Men training prior to Tuesday 18th August and Women training prior to Monday 31st August.***
Prior to that, parking and launching facilities will be available by prior arrangement in the Coal Harbour - the area on the western side of Dun Laoghaire Harbour. (See map). ***This facility will be available from Monday 20th July.***

Dinghy parking
The local council have made available space in the coal harbour area for pre event dinghy parking. Teams wishing to use this facility should, if not done previously, complete the booking form on the Event Website: https://form.jotform.com/260903573413050.

This area (marked 7 on Key Locations Map) is a public car park which the local council will cordon off (***from Monday 20th July***) and reserve for parking of lasers by visiting teams. ***As space is limited this area must be restricted to ILCA's only***. Teams are requested to make arrangements to park all trailers with POD Marine who will provide safe storage nearby. Contact: dublin@podmarine.com.

Teams will need to manage the opening and closing of the gates amongst themselves as the area will not be manned by the council or the event organisation (key combination will be provided). The area is located close to the Irish Sailing Performance Head Quarters who will assist visitors (contact rory.fitzpatrick@sailing.ie).

Overnight Rib Berthing
While the host clubs (National and Royal St George yacht clubs) do not have pre-event parking space for ILCAs they are happy to provide overnight berthing for some coach ribs on the club pontoons. Space will be limited and should be arranged directly with the clubs:

- National YC – Thomas Chaix E: headcoach@nyc.ie M: +353 86 1725256
- Royal St George YC : Karen Ryan E: sailingmanager@rsgyc.ie M: +353 83 3689727

The clubs look forward to welcoming the coaches and sailors to the clubs while they are here training.

Dun Laoghaire Marina will also offer berthing for ribs – for information/rates info@dlmarina.com

Trailer Parking and secure storage between visits .
Storage of trailers during training or secure storage of equipment between visits can be provided by booking with POD Marine who are located in the area. Contact: dublin@podmarine.com.

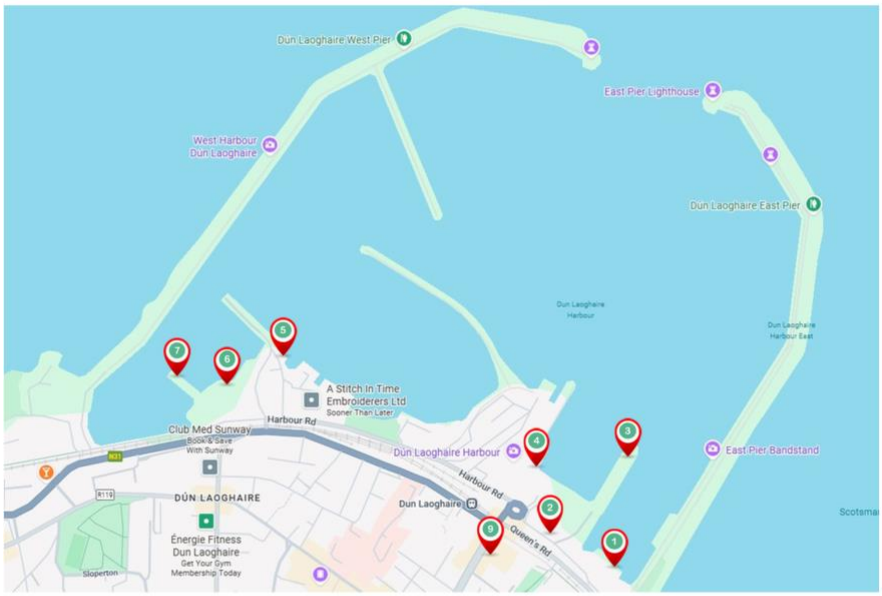
Launching.
There is an adjacent public slip for launching of lasers and slip-launching for ribs (marked 6 on map)

Parking
Parking for vans and cars **(but not trailers)** is available nearby (marked 6 on map). This is a public 'pay and display' parking area actively controlled by the local council. Trailers **are not permitted** and will be ticketed if placed in these parking spaces.

Vans and cars are **NOT** permitted to park in the area reserved for ILCA's (marked 7 on map).

Rib Fuel
Fuel can be purchased from the Marina fuel dock (see 5 on Key Locations Map). To request fuel call ahead on VHF channel 37 or +353 1 202 0040. The yacht clubs do not sell fuel.

Key Locations Map



1. National Yacht Club
2. Royal St. George Yacht Club
3. Carlisle Pier - ILCA parking during Worlds
4. Car Park
5. Marina Fueling Berth
6. Coal Harbour Public Slipway and Pay & Display parking
7. Coal Harbour Pier ILCA parking for pre -event training
9. Viking Marine

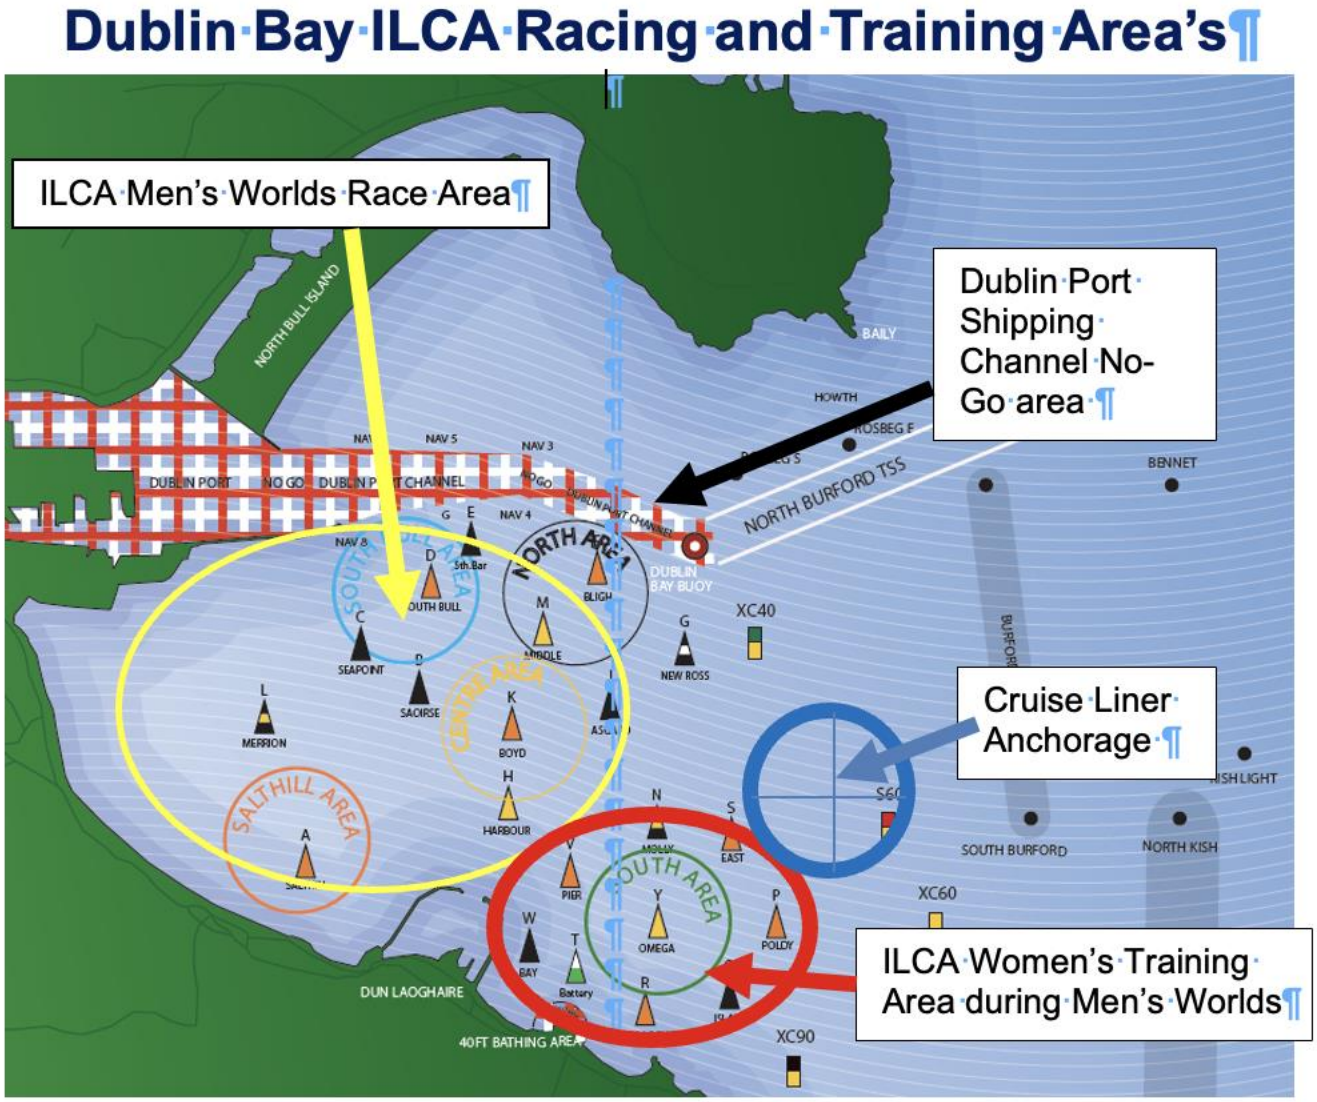
Training Area and Commercial Traffic

The race area is shown on the map below:



Please note that there is likely to be commercial traffic in the Bay and Harbour Area. Sailors and coach boats shall keep clear of all commercial shipping entering and departing Dublin Port (area marked in red above) and Cruise Liner Tenders operating between Dun Laoghaire harbour and the anchorage in Dublin Bay.

Should you have any further questions, please don't hesitate to contact the Worlds organising committee at inquiries@2026ilcaworldsireland.com
